Venus de Cartoixà 2020

Venus de cartoixà is a very special wine for us because we pursue a very ambitious objective: to make a big white Mediterranean natural ageing wine.

Plots and soils

Grapes come from half an acre old vines, 60 years old. They grow in clay-calcareous (*argilocalcaris*) soil, from Falset area.

Some words about winemaking and ageing

It is a natural wine, which fermentates in a 600L barrel during 3 and 6 months. It ages 14/15 months in the same barrel and it is aged into the bottle at least for 2 years more.

Composition

100% *Cartoixà*

Organic wines
